

The 6th International Arab Conference on Mathematics and Computations (IACMC 2019) is aimed to bring researchers and professionals to discuss recent developments in both theoretical and applied mathematics and to create a professional knowledge exchange platform between mathematicians and to arrange a platform for mathematicians, scientists, engineers, industrialists, researchers, faculty, students and all those who are desirous of working in the field of mathematics and statistics across the globe to meet, discuss, share innovative ideas, give the participants an opportunity to interact with each other, establish contacts and explore possibilities for future collaborative works. The three day program is expected to give a good academic exposure and intellectual stimulation to all the participants across the globe, attract, empower, inspire and motivate young researchers and aspirants desirous of working in this highly fertile area of applicable mathematics.

We are looking forward to welcoming you in Jordan.
